

# HELPING YOU TO FEEL AT EASE

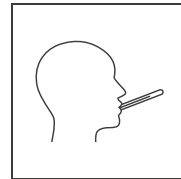

We want to make people feel at ease – this is our company purpose, our reason for being and, whilst many visible signs of our safety measures have now been removed, we want you to feel reassured that your safety and our team members safety is of utmost importance. We continue to operate in a very safe way – a way which has now become the new normal for us and some of the key measures that we have in place are:

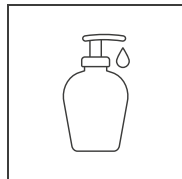

Face masks and visors available to all team members who choose to wear them

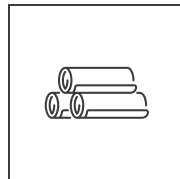

Guest bedroom fogging

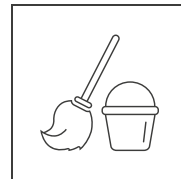

Team member temperature & wellbeing checks

Hand sanitiser stations

Towels & linen washed at higher temperature

Continuous cleaning & sanitising

As well as the above we are really proud to have been awarded both the 'We're Good to Go' certificate by Visit England and the 'AA COVID-19 Confident' accreditation. Both of which recognise our commitment to operating in a safe way.
